PIP DAY

(PERSONAL IDENTIFICATION PROTECTION DAY)

Shredding sensitive documents is one way to increase your ability to protect your personal identity. "Dumpster diving," or rifling through trash cans for personal information, is a tactic used by identity thieves. You are taking a terrible risk if you don't shred sensitive material.

The Puget Sound Chapter of ARMA, a records and information management association, is providing this opportunity for you to bring your old bills, tax statements, pay stubs, bank statements, and other personal documents that you no longer need to be shredded as you watch.

The event will be held in April, at a date to be determined, from 10 am – 1pm, at the South Sound Center.

In order to accommodate as many people as possible, there is a limit of three grocery bags or two file boxes per customer.

For further information please contact Eileen Harke at 360-753-9567.
